Unique passenger experience

Deliver a seamless and stylish experience from the moment passengers enter. Interactive devices and intuitive screens enhance convenience while elevating the look and feel of your lobby.

Shorter waiting times

- Increased traffic handling capacity and calmer lobbies in peak demand
- Smart allocation minimizes intermediate stops and over-crowding in elevator cars

Open APIs for integration

- Built-in readers and interfaces allow versatile options for secure access
- Mobile elevator calls are available through partner apps or KONE Elevator Call app

User Experience

- Express your tenants' identity through user interface customization options
- Clear, user-friendly screens provide guidance and real-time information

Personalized journeys

From intuitive touchpoints to dynamic guidance, every interaction is designed to impress and simplify passenger flow.
