KONE SIGNALIZATION

KSS280

KSS 280 SIGNALIZATION

This functional new signalization family for residential buildings combines clear and simple features, good visibility, and easy accessibility with a sophisticated design.

The KSS 280 signalization family features durable finishing with hairline stainless steel surfaces and alphanumeric LCD displays.

The Car operating panel (COP) in the elevator car and the landing devices are surface mounted. Landing devices can be mounted on wall or door frame.

KEY FEATURES

- Durable finishing with hair line brushed stainless steel surface
- High-contrast alpha-numeric display with segmented LCD
- Pin code operations (including car call locking)
- EN81-70 compliant also with braille on buttons
- EN81-73 compliant

reddot design award
winner 2012

Large, clear landing call buttons for ease and convenience.
